With reference to your letter
No G. 690, dated 2nd August 1910,
calling for the submission of my pro-
posals regarding the reduction of
the Establishment of the 1st and
2nd Class Travellers' Bungalows in
this District, in conformity with
Government Proceedings No G.
2918 - 3, G. N. 56-05-11, dated
13th November 1908, I have the
honor to state that there are only
two 1st class and three 2nd class
Bungalows.

Bungalows as particularized in the margin. Out of the two 1st class Bungalows, the one at Bowringpet has an establishment of 5 hands which is in accordance with the scale and sanctioned by Government. The Establishment in the other Bungalow situated at Robertsonpet consists of 5 servants, but its cost is Rs 46/- or Rs 11/- more than that sanctioned by Government for a Bungalow of that class, and this is due to the higher scale of pay specially sanctioned for the Gold Fields, where the conditions are quite different from what they are elsewhere. So it is not practicable to reduce the cost of Establishment attached to this Bungalow.

2. In regard to the 2nd class Bungalows, there is no objection to the retrenchment order being given effect to in the case of Kolar and Chikballapur Travellers' Bungalows, as mety and waterman

places. But the malur Bungalow
requires special treatment because
it is the nearest Railway station to
Kolar and Mattigere, from where, as
also from Bangalore, which is the chief
centre of European population, several
British officers constantly visit malur
on snipe shooting excursions or official
or other business with the British Remount
Depot at Mattigere. Such being the case,
the services of a metty are quite
indispensable as also those of a kotwal,
who should always be in readiness to
procure carts and provisions for the
saddlers. It is, therefore, not practicable
to reduce the present Establishment,
which costs Rs 24/- per mensem or Rs
3/- more than that sanctioned by Govern-
ment. On receipt of Government orders
approving my proposals, the services
of metty and waterman in the Bungalows

Sir,

With reference to your letter No. G.
5781/G.M. 109-10-12 dated 3rd March 1911, re
the revision of the establishments of the
1st and 2nd Class Bungalows in this
District, I have the honour to state that
the increase of cost proposed for the
Bungalows at Robertsonpet and Malur
cannot possibly be reduced for reasons
already stated in my letter No. 7496-246
dated 15th March 1911. I beg to add that
the increased scale of pay to the
Bungalow servants at Robertsonpet
has

has been sanctioned by Government after a due consideration of the local circumstances of the place, where it is not practicable to procure the services of really good and useful servants for less pay, the scale of wages in the locality being high. My proposals in the case of this and the Malur Bungalows were submitted after deliberate consideration. Any reduction in the present scale or pay would be detrimental to the interest of the travellers for whose sake the Government have benevolently established the Bungalow. The proposed increase in the case of Robertsonpet and Malur Bungalows cannot be met by any corresponding reduction in the establishments of the other Bungalows in the

District.

District either, which having been just reduced in accordance with the orders of the Government, do not admit of any further reduction.

2 In these circumstances, I request that you may be so good as to obtain the sanction of Government to the proposal submitted in the letter referred to in para 1 Supra.

3 A statement showing the existing and proposed scale of Establishments in the case of Robertsonpet and Malur Bungalows is herewith submitted as called for in the communication under reply.

4 As regards the other Bungalows, I have issued needful instructions to the Amildars concerned in the matter of reducing the Establishments

Sir,

With reference to your Docket No. G. 2573/C.M. 109-10-32
dated 26th January 1913, enquiring why the establishment
attached to the 5th class 'Travellers' Bungalow at Melur is
maintained at its former strength and not reduced to the scale
sanctioned in G.O. No. 6312-14/C.M. 109-10-29 dated 25th May
1911, I have the honor to state that so far as I have
personally known the local conditions, the 'Travellers' Bungalow
at Melur certainly requires a special treatment as already
represented by Mr. predecessor Mr. C. Srikanthaswami Aiyer. It
is a station where several European Officers visit Melur and
occupy the 'Travellers' Bungalow and indispensably require the
services of a WTL and a Kotwal. This station is becoming
more important on account of its situation on the Madras and
Southern Mahrattah Railway line nearer to Tanjore, the
chief centre of European population. The conveniences bene-
ficially created by Government at large outlays for the
travelling public, on the 1st Decr., 1912, sacrificed on account
of a small increase of the cost viz. Rs. 2/- over the sanctioned
scale.
